*April is "Be Car Care Aware" Month - Learn how your vehicle can work more efficiently.*

Spring Street Service Center in Windsor Locks, CT has scheduled "Be Car Care Aware" Workshops on *Thursday, April 15 and repeated again on Wednesday, April 28* at 6:30 PM.

During each hour and a half workshop, you will be able to work on your own vehicle under the direction of professionally certified technicians. Each participant will learn how to check fluid levels, tires, lights and other system components. The goal of this event is to help motorists learn as much as possible about their own vehicle. Workshops can be scheduled for clubs or business groups.

Register by calling. Let the professional technicians identify opportunities for you to improve your vehicle's gas mileage, enhance performance, increase safety and reduce emissions.

Although the workshops are free, each participant is asked to make a cash donation to Pauline's Stock Pot Kitchen of the Wesley UMC, Warehouse Point in East Windsor, CT.

Reserve your spot today by calling 860-627-7495.
